HAL is a multi-disciplinary open access archive for the deposit and dissemination of scientific research documents, whether they are published or not. The documents may come from teaching and research institutions in France or abroad, or from public or private research centers.

L'archive ouverte pluridisciplinaire **HAL**, est destinée au dépôt et à la diffusion de documents scientifiques de niveau recherche, publiés ou non, émanant des établissements d'enseignement et de recherche français ou étrangers, des laboratoires publics ou privés.

PUBLICATION LIST – Philippe Borsa

Institut de recherche pour le développement (IRD), Montpellier

31 October 2016

Abstract. - The complete references and digital-object identifiers for 91 papers in peer-reviewed journals, 34 papers in the grey literature, one software and three thesis dissertations (HDR, PhD, MSc) are provided. Papers and reports that are freely accessible online through IRD's Hyperarchives en ligne (<http://hal.ird.fr/>) are indicated.

1. - Peer-reviewed papers

Those papers whose authors' manuscript have been published in Hyperarchives en ligne (HAL-IRD; <http://hal.ird.fr/>) are flagged by the "haL" symbol.
